ITEM 2.05 Costs Associated with Exit or Disposal Activities

This amendment to the Form 8-K filed by Range Resources Corporation on August 4, 2020, is filed to include the valuation of our remaining obligations related to the sale of our North Louisiana assets.

On July 18, 2020, Range Resources Corporation (“Range”) signed a purchase and sale agreement to sell its North Louisiana assets. The sale transaction closed on August 14, 2020. Pursuant to the purchase and sale agreement, Range retained certain midstream gathering, transportation and processing obligations through 2030. Following the closing date, Range undertook a detailed accounting valuation process to determine the fair value of these obligations. Using a probability weighted discount cash flow model, Range subsequently determined the fair value of these remaining obligations to be \$479.8 million as of the closing date.
