

Range Resources Publishes 2024-2025 Corporate Sustainability Report

June 26, 2025

FORT WORTH, Texas, June 26, 2025 (GLOBE NEWSWIRE) -- **RANGE RESOURCES CORPORATION (NYSE: RRC)** today published its 2024-2025 Corporate Sustainability Report. The report illustrates the Company's focus on sustainably developing the energy the world needs.

"Operational excellence and environmental responsibility go hand in hand - delivering sustainable performance today, and long-term value well into the future," said Dennis Degner, the Company's CEO, "the natural gas and natural gas liquids we produce in Pennsylvania are economically and environmentally advantaged due in large part to the innovative culture Range has built. The latest report reflects our disciplined approach that prioritizes environmental stewardship, efficient operations and financial strength."

Corporate Sustainability Report Highlights

Range achieved Net Zero Scope 1 and 2 GHG emissions through direct emissions reductions and verified carbon offsets for 2024 emissions, ahead of its 2025 goal. This milestone was the result of a focused strategy to reduce direct emissions through operational efficiencies, best emission management practices, and deploying new technologies. Range's GHG and methane emissions intensity were reduced by 43% and 83% respectively, since 2019, exceeding initial targets. To complement these efforts in reaching net zero, Range invested in high quality, verified carbon credits, and retired them through credible registries.
