The matters to be considered and acted upon at the Meeting are described in the foregoing Notice of Annual Meeting of Stockholders and this Proxy Statement. This Proxy Statement and the related form of proxy are being mailed on or about April 23, 1996, to all holders of the Company's Common Stock, \$.01 par value ("Common Stock"), the Company's \$2.03 Convertible Exchangeable Preferred Stock, \$1 par value ("2.03 Preferred") and the Company's 7-1/2% Cumulative Convertible Exchangeable Preferred Stock, Series A and B, \$1 par value ("7-1/2% Preferred") (collectively the "Stockholders") of record on April 17, 1996. Shares of the Common Stock, and shares of the 7-1/2% Preferred Stock and 2.03 Preferred, (collectively the "Preferred Stock"), represented by proxies will be voted as hereinafter described or as otherwise specified by each Stockholder. Any proxy given by a Stockholder may be revoked by the Stockholder at any time prior to the voting of the proxy by delivering a written notice to the Secretary of the Company, by executing and delivering a later-dated proxy or by attending the meeting and voting in person.

The persons named as proxies are John H. Pinkerton and Chad L. Stephens, President and Vice President of the Company, respectively. The cost of preparing, assembling and mailing the proxy, this Proxy Statement and the other material enclosed and all clerical and other expenses of solicitation will be borne by the Company. In addition to the solicitation of proxies by use of the mails, directors, officers and employees of the Company may solicit proxies by telephone, telegram or personal interview. The Company also will request brokerage firms and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of Common Stock and Preferred Stock held of record by such custodians and will reimburse such custodians for their expenses in forwarding soliciting materials.

On April 1, 1996, the Company had 13,504,488 issued and outstanding shares of Common Stock, each such share entitling the holder thereof to one vote on each matter, 1,150,000 outstanding shares of \$2.03 Preferred, each such share entitling the holder thereof to one vote on each matter and 177,600 shares of 7-1/2% Preferred, each such share entitling the holder thereof to two votes per share. Holders of shares of Common Stock and Preferred Stock are not entitled to cumulative voting rights.

The presence at the Meeting in person or by proxy of the holders of a majority of the outstanding shares of Common Stock and Preferred Stock in the aggregate entitled to vote shall constitute a quorum for the transaction of business. If a stockholder, present in person or by proxy, abstains on any matter, the stockholder's shares will not be voted on such matter and, in the case of matters other than the election of directors and Proposal III, will be not treated as a vote against such matter. Broker non-votes are treated as shares as to which voting power has been withheld by the beneficial owners of such shares and, therefore, as votes not cast.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board establishes the general compensation policies of the Company, establishes the compensation plans and specific compensation levels for officers and certain other managers and administers the Company's stock option plan for all employees.

In establishing compensation policies, the Committee believes that the cash compensation of executive officers, as well as other key employees, should be competitive with other similar size oil and gas companies while, within the Company, being fair and discriminating on the basis of personal performance. Annual awards of stock options and restricted stock grants are intended both to retain executives and to motivate them to improve long-term stock market performance.

In establishing total cash compensation (salary plus bonus) for its executives, the Company targets the median cash compensation for competitors of executives having similar responsibilities. Base salaries have historically been set below the median, so that bonuses, which are primarily determined by individual performance, will constitute a larger portion of cash compensation. The base salary for Mr. Pinkerton was increased 23% during 1995. Mr. Pinkerton's bonus is based primarily on Company performance. The Committee has not established any particular formula or singled out particular factors as more important than others. In determining Mr. Pinkerton's larger bonus for 1995, the Committee considered the fact that 1995 constituted the sixth consecutive year in which the Company had established records for virtually all financial parameters, including revenues, cash flow and net income. In addition, the Committee considered more subjective criteria, such as steps taken during 1995 to improve the Company's long-term prospects. The bonuses of other executives are influenced by Company performance, but are determined primarily based upon performance of the executive's duties and success in attaining performance goals which are directed toward improving Company performance.

Stock options and bonuses are awarded to Mr. Pinkerton and other executives and key employees to retain and motivate the grantees and to improve long-term market performance. To date, options have been granted only at the prevailing market price and will have value only if the price of the Common Stock increases. Generally, to provide incentives for its executives to remain with the Company and to benefit for the improvement in the performance of the Company, options have a term of five years and vest 30% after one year, an additional 30% after two years and fully vested after three years. An employee must be employed by the Company at the time of vesting in order to exercise the options. In addition, annual bonuses are awarded with 50% of the amount payable in the year of the award, 25% vesting on January 1 of the year following the award and the remaining 25% vesting on January 1 of the second year after the award. These bonuses are payable, at the option of the employee, in cash or shares of the Company's Common Stock valued at 75% of the prevailing market price at the time of the award. An employee must be employed by the Company at the time of vesting in order to receive the vested restricted stock previously awarded to such employee. The restricted stock issued pursuant to the bonuses represents unregistered shares and therefore initially cannot be sold by the recipient.

The Committee generally determines the number of options granted and the amount of bonuses awarded to Mr. Pinkerton and to other executives and key employees based on how an individual's responsibilities might affect the long-term price of the Common Stock. The Committee occasionally awards additional options when the Committee believes additional incentives are appropriate.

In the aggregate, approximately 22% of the Named Executive Officers' cash compensation for 1995 consisted of incentive bonuses tied to Company and individual performance. Mr. Pinkerton received approximately 37% of his cash compensation for 1995 from incentive bonuses. When the potential future value of stock options are included (assuming a 10% annual increase in the stock price), approximately 70% of the total compensation of Mr. Pinkerton for 1995 is from incentives which are linked to creation of stockholder value.

No voting member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. Messrs. Edelman and Pinkerton are ex-officio members of the Committee with no voting authority. STOCK OPTION GRANTS AND EXERCISES

The Company's stock option plan, which is administered by the Compensation Committee, provides for the granting of options to purchase shares of Common Stock to key employees and certain other persons who are not employees for advice or other assistance or services to the Company. The plan permits issuance of up to 1.5 million options on shares of Common Stock to be outstanding at any time subject to the limitation that the outstanding options cannot exceed 10% of all outstanding Common Stock on a fully diluted basis. All options issued under the plan vest 30% after one year, 60% after two years and 100% after three years. At December 31, 1995 a total of 977,149 options had been granted under the plan of which 391,244 were exercisable at that date. The options outstanding at December 31, 1995 were granted at exercise prices ranging from \$3.38 to \$9.38 per share. The exercise price of all such options was equal to the fair market value of the Common Stock on the date of grant.

The Company's outside directors stock option plan (the "Directors Plan"), which is administered by the Compensation Committee, provides for the granting of options to purchase shares of Common Stock to outside directors of the Company. The plan permits optionees to acquire up to 200,000 shares of Common Stock and all options issued under the plan vest 30% after one year, 60% after two years and 100% after three years. At December 31, 1995 a total of 44,000 options had been granted under the plan of which 3,600 were exercisable at that date. The options outstanding at December 31, 1995 were granted at exercise prices ranging from \$7.75 to \$8.00 per share. The exercise price of all such options was equal to the fair market value of the common stock on the date of grant.

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL ARRANGEMENTS

The Board has adopted a plan pursuant to which a key employee group comprised of executive officers and other key employees of the Company designated by the Board (the "Executive Group") will receive a certain level of severance and vesting benefits if there is a change in control of the Company and all other employees of the Company (the "Employee Group") will receive more limited severance and vesting benefits. Upon a change in control of the Company all non-vested securities, bonuses, 401(k) profit sharing payments, deferred compensation and other vesting obligations of the Company held by persons in both the Executive Group and the Employee Group, including, without limitation, all non-vested options to purchase Common Stock held by them, will automatically vest.

If within one year of such change in control any person in the Executive Group is (a) terminated or (b) if job responsibilities or compensation of a person in the Executive Group is materially altered within one year of such change in control, then such person shall receive a lump sum payment (the "Executive Payment") equal to (i) an amount equal to such person's base salary for the year in which the Executive Payment is to be made plus (ii) an amount equal to the average of such person's bonuses for each of the two years prior thereto. If any person in the Employee Group is terminated within one year of such change in control, then such person shall receive a lump sum payment (the "Employee

Payment") equal to (i) an amount equal to one quarter of such person's base salary for the year in which the Employee Payment is to be made plus (ii) an amount equal to one quarter of the average of such person's bonuses for each of the two years prior thereto.

Notwithstanding the foregoing, the amount of either the Executive Payment or the Employee Payment (collectively, the "Payment") is dependent upon the duration of employment with the Company, with each person receiving one third of the Payment if they have been employed by the Company for less than two years, two thirds of the Payment if they have been employed by the Company for between two and three years and receiving the full amount of the Payment if they have been employed by the Company for at least three years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Edelman, Chairman of the Company, is also an executive officer and shareholder of Snyder Oil Corporation ("SOCO"). At December 31, 1995, Mr. Edelman owned 6.0% of the Common Stock. In 1995, SOCO sold its remaining shares of the Company's Common Stock. In 1995, the Company acquired SOCO's interest in certain wells located in Appalachia for \$4 million. The price was determined based on arms-length negotiations through a third-party broker retained by SOCO. Subsequent to the transaction, the Company and SOCO no longer held interests in any of the same properties.

During 1994 and 1995, the Company incurred fees of \$369,000 and \$145,000, respectively, to the Hawthorne Company in connection with acquisitions. Mr. Aikman, a director of the Company, is an executive officer and a principal owner of the Hawthorne Company. The fees were consistent with those paid by the Company to third parties for similar services.

PROPOSAL II - APPROVAL OF AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION

The Board of Directors on March 13, 1996 unanimously approved a proposed amendment to Article IV of the Company's Articles of Incorporation. The proposed amendment to Article Fourth would increase the number of authorized shares of Common Stock from 20,000,000 shares to 35,000,000 shares and increase the number of authorized shares of Preferred Stock from 2,000,000 shares to 4,000,000 shares. This proposed amendment, a copy of which is set forth in EXHIBIT A, is being submitted to the Meeting for Stockholder approval.

REASONS FOR PROPOSED AMENDMENT

The Company's goal is to build itself into a prominent independent oil and gas company. A substantial portion of this growth is expected to be financed through the issuance of additional equity of the Company. In this regard, the Board believes that authorization of additional shares of Common Stock and Preferred Stock will provide the Company with greater flexibility in effectively consummating acquisitions and raising capital.

The Board of Directors has the authority to issue shares of Common Stock and shares of Preferred Stock for such corporate purposes as it may from time to time deem to be in the best interests of the Company, including fixing the voting, dividend, redemption, conversion, liquidation and other terms of different series of Preferred Stock, all without stockholder approval. The proposed Amendment would not change the rights of the holders of any of the Company's outstanding Common Stock or Preferred Stock.

If the amendment is approved, the Board may cause the issuance of additional shares of Common Stock and Preferred Stock without further vote of Stockholders of the Company, except as provided under the Delaware corporate law or under the rules of any securities exchange on which shares of the Common Stock or Preferred Stock are then listed. Current Stockholders have no preemptive or like rights, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of the company in order to maintain their proportionate

ownership thereof. The effects of the authorization of additional shares of the Common Stock and Preferred Stock may also include dilution of the voting dividends and of liquidation proceeds payable to the holders of currently outstanding Common Stock and Preferred Stock.

In addition, the Board could use authorized but unissued shares of the Common Stock and Preferred Stock to create impediments to a takeover or a transfer of control of the Company. Accordingly, the increase in the number of authorized shares of the Common Stock and Preferred Stock may deter a future takeover attempt which holders of the Common Stock and Preferred may deem to be in their best interest or in which holders of the Common Stock and Preferred Stock may be offered a premium for their shares over the market price. The Board is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the amendment to increase the authorized Common Stock and Preferred Stock is not prompted by any specific effort or takeover threat currently perceived by management.

The Board will, in the exercise of its fiduciary duties to the Stockholders, weigh all the factors carefully, together with the needs and prospects of the Company, before committing to the issuance of further shares not requiring stockholder approval.

RECOMMENDATION:

THE AFFIRMATIVE VOTE OF A MAJORITY OF THE OUTSTANDING SHARES ENTITLED TO VOTE AT THE MEETING IS REQUIRED FOR APPROVAL OF THE PROPOSED AMENDMENT. THE BOARD BELIEVES THAT IT IS APPROPRIATE AND ADVISABLE THAT THE STOCKHOLDERS ADOPT THE PROPOSED AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION AND RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE PROPOSED AMENDMENT.

PROPOSAL III - APPROVAL OF AMENDMENT TO THE COMPANY'S STOCK OPTION PLAN

The Board of Directors on March 13, 1996 unanimously approved a proposed amendment to Article IV of the Company's Stock Option Plan (the "Plan"). The proposed amendment to Article IV would increase the number of shares of the Common Stock reserved under the Plan from 1.5 million to 2 million. However, no new options may be granted which would result in their being outstanding aggregate options exceeding 10% of the Common Stock outstanding plus those shares issuable under convertible securities. The proposed amendment, a copy of which is set forth in EXHIBIT B, is being submitted to the Meeting for Stockholder approval.

EFFECT OF AND REASONS FOR PROPOSED AMENDMENT

The purpose of increasing the number of shares of Common Stock reserved under the Plan is to strengthen the ability of the Company to attract and to retain the services of experienced and knowledgeable individuals and key employees ("Participants") as members of management of the Company, to extend to them the opportunity to acquire a proprietary interest in the Company so that they will apply their best efforts for the benefit of the Company, and to provide those individuals with an additional incentive to continue in their position, for the best interest of the Company and its stockholders.

Under the Plan, if the amendment is approved by the Stockholders, the Company will increase the number of shares reserved under the Plan from 1.5 million to 2 million shares of Common Stock ("Stock Options"). The exercise price for each Stock Option will be the fair market value on the date of grant. However, no new options may be granted which would result in their being outstanding aggregate options exceeding 10% of the Common Stock outstanding together with those shares of Common Stock issuable under convertible securities.

Stock Options may be exercised, during the period beginning one year after the date of grant and ending five years after the date of grant, provided that 30% of the shares of Common Stock covered by any such Stock Option

vest one year after the date of grant, an additional 30% of such shares of Common Stock vest two years after the date of grant, and all remaining shares of Common Stock vest three years after the date of grant.

If a Participant ceases, for any reason other than such Participant's death or disability, to be an employee of the Company or any of its affiliates, the portion, if any, of such Stock Options that remain unexercised, including that portion, if any, that is not yet exercisable, on the date Participant ceases to be an employee of the Company or any of its affiliates, shall terminate and cease to be exercisable as of such date.

If a Participant ceases, by reason of a disability, to be an employee of the Company or any of its affiliates, such Participant shall have the right for 90 days after the date such Participant ceases to be an employee of the Company or its affiliates to exercise his Stock Options to the extent such Stock Options are exercisable on such date, and thereafter such Stock Options shall terminate and cease to be exercisable.

If a Participant dies while an employee of the Company or any of its affiliates, such Stock Options shall be exercisable by such Participant's legal representatives, legatees, or distributees for 90 days following the date of such Participant's death to the extent such Stock Options are exercisable on such Participant's date of death. Thereafter such Stock Options shall terminate and cease to be exercisable.

EXERCISE

Payment for stock issued upon the exercise of a Stock Option may be made in cash or, with the consent of the Compensation Committee (i) by assigning and delivering to the Company whole shares of Common Stock owned by the holder of the Stock Option for at least six months prior to the date of exercise or (ii) partly in cash and partly in such shares of Common Stock. Any shares of Common Stock so assigned and delivered to the Company in payment or partial payment of the purchase price shall be valued at the fair market value on the date of exercise.

A Participant may be required to pay to the Company at the time of exercise of a Stock Option or portion thereof the amount that the Company deems necessary to satisfy its obligation to withhold Federal, state, or local income or other taxes incurred by reason of such exercise. Where the exercise of a Stock Option does not give rise to an obligation to withhold Federal, state, or local income or other taxes on the date of exercise, the Company may, in its discretion, require a Participant to place shares of Common Stock purchased under the Stock Option in escrow for the benefit of the Company until such time as Federal, state, or local income or other tax withholding is no longer required with respect to such shares or until such withholding is required on amounts included in the gross income of the Participant as a result of the exercise of a Stock Option or the disposition of shares of Common Stock acquired pursuant thereto.

FEDERAL INCOME TAX CONSEQUENCES

There are no tax consequences to the Participants or the Company by reason of the grant of the Stock Options. Upon exercise, the Participant will recognize taxable ordinary income equal to the excess of the Common Stock's fair market value on the date of exercise over the exercise price. Generally, the Company will be entitled to a business expense deduction equal to the taxable ordinary income recognized by the Participant. Upon disposition of the Common Stock, the Participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon exercise of the option. Such gain or loss will be long or short-term depending on whether the stock was held for more than one year.

RECOMMENDATION:

THE AFFIRMATIVE VOTE OF A MAJORITY OF THE SHARES CAST AT THE MEETING IS REQUIRED FOR APPROVAL OF THE PROPOSED AMENDMENT. THE BOARD BELIEVES THAT IT IS APPROPRIATE AND ADVISABLE THAT THE STOCKHOLDERS ADOPT THE PROPOSED AMENDMENT TO THE PLAN AND RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE PROPOSED AMENDMENT.

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers, directors and persons who beneficially own more than ten percent of the Company's stock to file initial reports of ownership and reports of changes of ownership with the Securities and Exchange Commission and the NASDAQ. Copies of such reports are required to be furnished to the Company.

Based solely on a review of such forms furnished to the Company and certain written representations from the executive officers and directors, the Company believes that all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were complied with on a timely basis.

OTHER BUSINESS

Management of the Company knows of no other business which will be presented for consideration at the meeting, but should any other matters be brought before the Meeting, it is intended that the persons named in the accompanying proxy will vote such proxy at their discretion.

ANNUAL REPORT

The Annual Report for the fiscal year ended December 31, 1995, accompanies this proxy statement. The Annual Report does not constitute a part of the proxy soliciting material.
